

Like A Boy at 50 Bubbling Over With Vitality—Taking Iron Did It

Doctor says Nuxated Iron is greatest of all strength builders—Often increases the strength and endurance of delicate, nervous folks 200 per cent in two weeks time.

NEW YORK, N. Y.—Not long ago a man came to me who was nearly half a century old and asked me to give him a preliminary examination for life insurance. I was astonished to find him with the blood pressure of a boy of 20 and as full of vigor, vim and vitality as a young man. I felt a young man he really was not, withstanding his age. The secret he said was taking iron—Nuxated Iron had filled him with renewed life. At 50 he was in bad health; at 46 nervous and nearly all his life a victim of nervousness. Now at 50 a miracle of vitality and his face beaming with the buoyancy of youth as I have said a hundred times over, iron is the greatest of all strength builders. If people would only throw away patent medicines and nauseous concoctions and take simple Nuxated Iron, I am convinced that the lives of thousands of persons might be saved, who now die every year from pneumonia, grippe, consumption, kidney, liver and heart trouble, etc. The real and true cause which started their diseases was nothing more nor less than a weakened condition brought on by lack of iron in the blood. Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it and as a consequence you become weak, pale and sickly looking just like a plant trying to grow in a soil deficient in iron. If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous run-down people who were failing all the while, double their strength and endurance.

and entirely get rid of all symptoms of dyspepsia, liver and other troubles in from ten to fourteen days time simply by taking iron in the proper form, and this after they had in some cases been doctoring for months without obtaining any benefit. But don't take the old forms of reduced iron, iron acetate or tincture of iron simply to save a few cents. You must take iron in a form that can be easily absorbed and assimilated like Nuxated Iron if you want it to do you any good, otherwise it may prove worse than useless. Many an athlete or prizefighter has won the day simply because he knew the secret of great strength and endurance and filled his blood with iron before he went into the arena, while many another has gone down to inglorious defeat simply for the lack of iron.—E. Sauer, M. D.

NOTE—Nuxated Iron, recommended above by Dr. Sauer is not a patent medicine nor secret remedy, but one which is well known to druggists and whose iron constituents are widely prescribed by eminent physicians everywhere. Unlike the older inorganic iron products, it is easily assimilated and does not injure the stomach. It makes them black not upset the stomach; on the contrary, it is a most potent remedy for nervous, rundown conditions. The manufacturers have such great confidence in Nuxated Iron that they offer to forfeit \$100,000 to any charitable institution if they cannot take any man or woman under 60 who lacks iron and increase their strength 200 per cent or over in four weeks' time, provided they have no serious organic trouble. They also offer to refund your money if it fails to double your strength and endurance in ten days' time. It is dispensed in this city by Arnold Drug Co., Brant-Martin Drug Co., W. Stansfield and all other druggists—Advertisement.

The little details—the extra effort of experts to excel—are strongly apparent in these clothes of Felix Quality.

Why not let us demonstrate tomorrow the exceptional values we are offering at—

Resinol Soap a friend to poor complexions

Resinol Soap is not only unusually cleansing and softening, but its regular use helps nature give to the skin and hair that beauty of perfect health which it is impossible to imitate. Tendancy to pimples is lessened, redness and roughness disappear and in a very short time the complexion usually becomes clear, fresh and velvety.

The soothing, restoring influence

that makes this possible is the Resinol which this soap contains and which physicians have prescribed for over twenty years, in Resinol Ointment, in the care of skin and scalp troubles. If the skin is in bad condition through neglect or in wrong use of cosmetics, Resinol Soap should be used by a little Resinol Ointment. Resinol Soap is sold by all druggists and dealers in toilet goods. For a trial-size cake and sample box of Resinol Ointment, free, write Dept. 10-P, Resinol, Baltimore, Md.

Be Young Looking Darken Gray Hair

You cannot be young and attractive looking if your hair is gray, faded, dull and lifeless. Don't wait until you are entirely gray—keep your hair dark, glossy and lustreous with Hays' Hair Health. It does it naturally. Keeps scalp clean, healthy, free from dandruff. It's not a dye—no one will know you are using anything. 25c, 50c, \$1. All dealers or direct from receipt of price. Send for booklet Beautiful Hair. Philo Hays, Newark, N.J.

Gas Company Inspects Service Pipes on Kansas Avenue.

Bethany Choir to Sing at Church of Good Shepherd.

The gas company is digging up all pipes leading from the main line into business houses. The pipes are uncovered, inspected and if found leaking replaced with new ones. So far only a few have been found defective. It has been more than twenty years since the pipes were laid, and no inspection has been made during that time. When the pipes are inspected and covered, the pavement is laid in good condition, and such spots are found about very fifty feet on Kansas avenue.

Special Church Service. A service of unusual interest will be held next Sunday evening at the North Topeka Baptist church. Arrangements have been made by the pastor for the seven deacons of the church to take an active part in the service during the evening. The present board, elected last January, have assisted in the service of the church, who are unable to attend, on several occasions. Following is the program for the evening service:

Hymn; prayer; J. L. S. Spaulding; Anthem; Scripture reading, W. E. Scott; address, "Cottage Prayer Meetings as a Means of Soul Winning," B. Denney; address, "The Button-hole Method in Religious Work," R. C. Caldwell; solo, A. T. Rowe; address, "Who is Sufficient for These Things?" W. A. Forbes; closing remarks, the Rev. W. Garnet Handley; hymn; prayer, W. A. Baird.

Home Grown Vegetables. This week marked the entrance of a large supply of home grown vegetables on the market. Asparagus has been hard to get on account of the dark, rainy weather, which is unfavorable to its growth. Plenty of lettuce, radishes, and onions can be procured at most any of the stores, but it has been hard for merchants to get a supply of asparagus, which is very much in demand at this time of the year.

Baptist Choir Complimented. More than fifty members of the choir of the North Topeka Baptist church, who are committing to memory their respective parts in the spring cantata, "Queen Esther," met Thursday evening at the home of the director, W. M. Van Ness, 1709 Kansas avenue. On Easter morning the choir was retested by the Masons to furnish the music for the services held at the temple. A letter was received and read to the choir, which was sent to them by the Masons complimenting them on the excellent music furnished.

Lynchers Visited Industrial School. Several members of the mob in search of Fred Bissell, accused of the murder of little Edna Dinmore, arrived at a late hour Wednesday evening at the Boys' Industrial school north of the city. They asked Night Watchman S. C. Seaman if Bissell had been brought to the school for safekeeping, as was rumored, by the mob at the county and city jails after they had been through both jails and were unsuccessful in their find. When told by Seaman that he was not in the school, the information satisfied them, and no requests were made to search the place.

Special Musical Service. Following is the musical service that will be rendered next Sunday morning at the Church of the Good Shepherd. The sermon will be delivered by the Rev. G. M. Geisel, canon of Grace cathedral, while the music will be in charge of the students' choir of the College of the Sisters of Bethany.

Processional, "Come Ye Faithful, Raise the Strain".....Stainer
Kyrie eleison.....Stainer
Gloria Tibi Domine.....Stainer
Anthem, "Christ is Risen," Full choir.
Offertory solo, "One Sweetly Solemn Thought".....Ambrose
Miss Sarah Quisenberry of the music faculty.
Sursum Corda and Sanctus.....Stainer
Agnus Dei.....Stainer
Gloria in Excelsis Deo.....Old Chant
Nunc Dimittis (chant).....Spohr-Stainer
Recessional, "Jesus Christ is Risen Today".....Worgan
Miss Gertrude Mutton, head of the department of music, organist.

Notes and Personalities. Mrs. W. L. Cole, Miss Maryjory Cole, Mrs. J. E. Warnock and Mrs. W. M. Van Ness, spent Thursday at the home of Mrs. Van Ness' parents, Mr. and Mrs. A. J. Berry, of Alnydale Farm northwest of the city.

A party of young men from the Washburn College, E. M. C. A. will have charge of the services for the boys of the Industrial school next Sunday afternoon. Music will be furnished by the Glen club quartet.

Miss Mabel Ruzger is confined to her home, 1135 Quincy street by scarlet fever.

Nine of the members of the graduating class at Shorey school, gave a playlet Thursday evening at the school "Girls Admitted" was the name of the play. David Wallace, principal of Lyman school gave a short talk following the entertainment.

Mr. and Mrs. J. M. Barnes of Kansas City, announce the birth of a daughter April 27. Mrs. Barnes before her marriage was Miss Carrie Haynes, daughter of J. M. Haynes of 911 Harrison street.

O. D. Hotchkiss, F. C. Hummer and Earl Wendell, of Elmont, were in the city on business Thursday.

Mrs. George Bigham, of Garfield place, left her home Thursday for California and Arizona, on a trip for her health. Mrs. Bigham has suffered from asthma for several years.

J. M. Haynes, has returned from Middleport, Ohio, where he was called on account of the illness of his sister, Mrs. A. H. McBride.

Oddities Culled From Day's News

Chicago.—So that her husband will not miss his way when he returns from the grave, Mrs. Lizzie Wilson, reincarnationist, will not wash her windows. Hubby remembers them dirty.

Chicago.—Dr. George B. Hassin's patients gave way today and he asked the police to stop his sisters in the flat above from giggling. The giggles bother his patients, he said.

Chicago.—So that Chicago will not be in contempt of a court decision crediting Bacon, not Shakespeare, with Hamlet, et al., a new chance has been proposed changing Shakespeare avenue to "Bacon street."

London.—Health officers in many English towns say military training is reducing the death rate.

London.—David Howard, presiding over the Bribery and Secret Commissions Prevention league, said there had been less corruption in the present than in any preceding great war.

New York.—"Billie" Burke made an audience of 5,400 "play blind" at the Hippodrome where they might feel the woe of stricken soldiers. The benefit netted \$20,000 for the blind war relief fund.

New York.—John Anderson has spent the long winter nights building a fifteen foot tower in his bedroom and parlor. Now how's he going to get it out? He is figuring.

CLAIM 100 VOTES

Friends of J. M. Kirkpatrick Certain of His Election.

Father of the Young Man Has Not Given Up.

Control of 100 votes in the national council of the Knights & Ladies of Security was claimed today by friends of J. M. Kirkpatrick of Topeka. Verification of their claims means the election of the man to the presidency of the national order over his father who has held the office nearly twenty years.

Election of John V. Abrahams for another four year term as secretary of the order is also claimed.

Solid delegations from the states of Illinois, Missouri, Nebraska, Kentucky, California, Michigan, Oklahoma, Texas and Washington are claimed by the J. M. Kirkpatrick-Abrahams faction of the society.

Control of the delegates to the national council are disputed by W. B. Kirkpatrick, present head of the organization. The elder Kirkpatrick contends he will be able to swing a majority. Against his claim, however, are figures and returns produced by the insurgent crowd in which they show 100 of the 125 votes in the convention.

MAKE MUSTARD OIL

Cleveland Company Doesn't Depend Upon Germany Now.

Cleveland, April 28.—Prior to the war abroad, Germany produced practically all of the oil of mustard used here. Now, the Mustardole company of Cleveland, has installed the most complete plant for the production of synthetic mustard oil. This is the only plant of its kind in the world. When put into operation, this plant broke the world's record and yield on allyl iodine.

The normal cost of one pound of mustard oil was \$1. Now the cost is \$2.8 a pound and not obtainable even at that price.

This new plant was designed and installed by Doctor D. Julian Block of Chicago. Doctor Block, representing the American Chemical society, will present a paper on this particular feature at the convention of the Chemical society at Urbana, Ill.

Most Eminent Medical Authorities Endorse It.

Dr. Eberle and Dr. Braithwaite as well as Dr. Simon—all distinguished authors—agree that whatever may be the disease, the urine seldom fails in furnishing us with a clue to the principles upon which it is to be treated. And accurate knowledge concerning the nature of disease can thus be obtained. If backache, scalding urine or frequent urination bother or distress you, or if uric acid in the blood has caused rheumatism, gout or sciatica or you suspect kidney or bladder trouble just write Dr. Pierce at the Surgical Institute, Buffalo, N.Y.; send a sample of urine and describe symptoms. You will receive medical advice after Dr. Pierce's chemist has examined the urine—this will be carefully done without charge, and you will be under no obligation. Dr. Pierce during many years of experience has discovered a new remedy which he finds is thirty-seven times more powerful than lithia in removing uric acid from the system. If you are suffering from backache or the pains of rheumatism, go to your best druggist and ask for a 50-cent box of "Amuric" put up by Dr. Pierce. Dr. Pierce's Favorite Prescription for weak women and Dr. Pierce's Golden Medical Discovery for the blood have been favorably known for the past forty years and more. They are standard remedies to-day—as well as Doctor Pierce's Pleasant Pellets for the liver and bowels. You can get a sample of any one of these remedies by writing Dr. Pierce.

Doctor Pierce's Pellets are unequalled as a Liver Pill. One box, Sugar coated. Pellet a Doz. Cure Sick Headache, Bilious Headache, Dizziness, Constipation, Indigestion, Bilious Attacks, and all derangements of the Liver, Stomach and Bowels.

PREPAREDNESS.

Prepare for next washday by taking home Red Cross Ball Blue. Ask any good grocer. Red Cross Ball Blue imparts a clear white; makes you smile when you see the beautiful, snowy whiteness of the clothes. Red Cross the blue that's true blue.—Adv.

TO SEIZE CANAL!

"Hostile" Army Advancing on U. S. Waterway.

Uncle Sam's Forces Comprised Both Sides, However.

Panama, April 28.—The army maneuvers in the canal zone undertaken on an extensive scale to work out problems connected with the defense of the Panama entrance to the canal, have reached an interesting stage.

The blue army, commanded by Col. Charles C. Morton, which yesterday reached Chorrera on its march to defend the canal, came in contact with the orange army under Col. John S. Mallory which is attacking the canal after theoretically having landed near New Gorgona.

A contact was made between the opposing cavalry outposts which presages the main action will probably come within two days. This engagement, it seems likely, will involve possession of Capiro Pass, through which the attacking force must come, thus making possession of the pass the main objective of each army.

According to Brigadier General Edwards, commander of the canal zone, the maneuvers already have demonstrated the feasibility of a hostile attack overland from Colon, Panama Bay, or near Aguadulce. Captain William B. Pratt, naval aide on General Edwards' staff, has asked Secretary Daniels to detail a cruiser and several submarines to a permanent station at each end of the canal.

NAME AERO PROBERS

Committee Will Extend Scope of Aviation Corps in Reorganizing It.

Washington, April 28.—The special committee of the general staff to investigate army aviation affairs, looking toward the proposed re-organization was announced today at the war department. Major P. D. Lochridge of the war college is chairman. The other members are Col. Chase W. Kennedy, Major John McE. Palmer and Captain Dan T. Moore. A consulting member will be appointed by Brigadier General Scriven, chief signal officer.

Secretary Baker authorized Major General Scott, chief of staff, to appoint the special committee after the war department's investigation of the aviation service, resulting from the court martial of Lieutenant Colonel Goodier. The committee will especially consider Secretary Baker's suggestion that aviation be made a coordinate branch of the army organization instead of a subordinate arm of the signal corps.

Prominent D. A. R. Leader Ill. Baltimore, April 28.—The condition of Mrs. Donald McLean, former president general of the Daughters of the American Revolution who is critically ill at a hospital here was reported as being unchanged today.

MEASLES IS WORSE

Whooping Cough More Often Fatal Than Is Smallpox.

Measles is more often fatal than is smallpox and the death list of whooping cough cases exceeds the total of both, according to the recent report of the city health department. "I would rather have smallpox than a severe cold," declared Commissioner Porter this morning. "The recent report of deaths in Topeka during the last year shows not a single mortality due to smallpox. Measles has one death to its discredit. And good old-fashioned whooping cough has resulted fatally in five cases."

"And yet we have cases where mothers have deliberately taken their children to families where there is a case of measles or whooping cough in order, so they say, that they have it and get over with it." And yet these same mothers throw up their hands in horror when they hear of a case of smallpox in the neighborhood.

"Tuberculosis has been responsible for 39 deaths and yet they say we have no need of a tuberculosis camp."

The total number of deaths from disease during 1915 amounts to 793.

Our Entire Stock of Suits

Formerly selling at from \$19.50 to \$50 is now on sale at just 1/4 Off the Regular Prices

The Store of Dependable Merchandise—Prices Right
